

Attention all Tangletrees Campers...

In response to concerns we have received about the disposal of garbage out at our Tangletrees Campsite, we have a new service at the site to make you aware of.

Effective immediately, we have a trailer placed in the parking lot near the old woodshed. "Bagged garbage only" signs are posted, along with a sheet in each building explaining the garbage rules.

In order to offer this service we need to impose a fee structure on each camp that is held at the site. The fees are as follows:

\$1.00 per person for up to a three day period, to a maximum of \$25.00 per facility (building or tent site).

This will be added to your final camp billing, as we will use the same number to calculate the garbage fee as we use to calculate your site rental costs. This new policy will be added to the regular application forms in the near future – this is just an addendum for those of you who already have bookings in the remaining 2010 or 2011 year.

This should make everyone's trip home a little easier and a lot more pleasant!
